

Cl^over HR

Let us introduce ourselves

Who are we?

Clover HR was founded by Michael Doolin, an experienced HR Director with over 30 years experience in the industry, working with large household names such as Ford, British Airways, PwC, DHL and DPD.

With unrivalled experience and depth within the industry we know what we need to do to help your business grow and improve your performance.

We believe that a company's most valuable asset is it's People and we KNOW what it

takes to ensure you have a happy workforce and an angst free workplace.

With more and more businesses outsourcing their HR support to ensure their workers are safe and happy, we have a service or a package which will work for you and your business. We have the knowledge and we know what's possible. People really matter and that's what actually counts.

“...it was obvious that Michael’s experience enabled him to grasp quickly the nature of our business ...within half an hour he had identified three fundamental issues that require addressing. Very incisive, very impressed!”

Mark Hanson, Managing Director, DS&P

what can we do?

We can offer you peace of mind. Who would not like that in business? Running a business can be difficult and can feel as though you are constantly trying to keep all the balls up in the air. Stop! We can help take the load away. We know no two businesses are the same which is why none of our packages are the same. We are flexible and we are bespoke.

We understand you because we understand business. We take the time to get to know

you and your business intricacies and needs. We know one size doesn’t fit all but we have the experience to know what will fit you and why.

We’re committed and reliable. We’re trustworthy and friendly and we’re fun to work with but most importantly we have a track record of success. We can help you run your business smarter and safer and we can help you achieve a competitive advantage through your people.

“Clover HR provided my Practice with some excellent advice and support on a number of tricky HR matters, which was invaluable. I continue to use them on a regular basis for all HR related matters.”

Fiona Passey, Practice Lead, Osteopath Practice Midlands
